Subject: Micorsoft settlement

Dear Sir or Madam:

I find the proposed DOJ settlement to be not in the best interests of the people of the US. MS, as a proven monopoly has abused it's position and nothing in the current settlement addresses this. MS has continued to exert monopolistic influence in a variety of fields including streaming media, standards development, and web technologies.

Please revisit the issue for a settlement that actually addresses MS's overbearing influence on the market.

thanks,
James Rawsthorne
